

## TURNS DREAMS INTO REALITIES: LISTEN, NOW!

You dream of things of comfort, convenience and beauty for your home. A Cushman Light Plant in your home will turn your dreams into reality. Light at the touch of a button. Fairlyland. It's comfort, convenience, beauty. It will add \$15 in price to every one of your acres.

Cushman engines weigh 60 lb. to the horse power—4 H.P., 190 lbs., 8 H.P., 325 lbs., 15 H.P., 700 lbs., 20 H.P., 1200 lbs. Put a Cushman 8 H.P. (325 lbs.) on that hay baler, or saw, or grinder outfit, and go up the 40 per cent grade with light team.

## LETZ FEED MILL LETZ FEED MILL

WAY AHEAD OF ANY MILL ON THE MARKET—NUFF SAID  
Come in and we will show you—\$21 up to \$412.

We sell you corn chop, coarse or fine, for less money—we make it, you see.

We have an International, 2½ H.P., engine, to sell. How about ground oats, barley, bran, chop, shorts for chickens, pigs, cows and horses—either mixed or separate—we have them and baby chick feed, too.

Two X-Ray Incubators to close out at cost. See our shorts, they are better now.

Early White Kherson Oats are sure the best for this locality. We have pure seed. You can sow them late and get bumper crops.

If you want a world of good pasture that does not cause bloat, sow Sweet Clover. An acre of it will carry more stock than any other crop.

Remember we have all seeds on hand, and you can get what you want, when you want it, and at the price you want it.

## SWEET CLOVER.

Can be sown any month in the year. We have it all the time. Alfalfa season for sowing begins April 15th, and lasts till October. See our Red Clover, Timothy, Alsike, &c., &c., &c.

Grass seeds are going up—Be wise—Not sorry. We have a large supply of every one of these seeds named below and you can get the seed any time without waiting to have it ordered.

Here is what we have on hand right now, and plenty of it. Sweet Clover, Alfalfa, Red Clover, White Clover, Alsike, Timothy, Blue Grass Pasture Mixture, Kaffir, Milo Maize, Cane, Pumpkin, Water Melon, Millet, Canadian Field Peas, Sudan Grass, Rape, 90-Day Corn, 100-Day Corn, Reid's Improved Dent, Silver Mine &c. Oats, Early White Kherson Oats.

SWEET CLOVER WILL RUN MORE STOCK TO THE ACRE THAN ANY OTHER CROP—SOW IT AND TRY IT.

We sell gasoline, oil, spark plugs, cup grease, Columbian stock powder. And other things, too.

## OUR JERSEY CREAM and XXXX FLOURS

captivated the good bread makers. They know what's what and you can't fool many of them all the time. Own up!

It's a poor rule that don't work backwards. Anyway we'll have to acknowledge that you might be able to fool a few of the bread-makers on engines, BUT all the men know what the Cushman motors are. On everything else we think the bread-makers are the wisest, except farm seeds.

We have good pure seed corns. Early and late. We sell pure and fresh garden seed 4c per packet. We can save you \$1 per bushel on Red Clover. Plenty of time yet to sow Red Clover, Sweet Clover, Timothy, Alfalfa Alsike and other grasses.

We know what variety of seed corn you want and we have them, right here, for your examination or test.

When it comes to Tractors—we know you will ponder a little before investing \$1,000 to \$1,500. Get wise on "The All Work Tractor." For the slickest cultivator you ever saw, see the "Bailor One Row Motor Cultivator, \$675.00." "Bailor Two-Row Motor Cultivator, \$850.00." Your 10-year-old Boy can run them right.

## Fortescue School Notes.

The next few weeks will be busy ones in the Fortescue school. Our calendar is full for each week. So far this year we have found it impossible to give any public entertainments on account of health conditions and the over-crowding of work. However, now we hope to be able to serve the community in the way of entertainment. The funds received from these will be used for school purposes. We sincerely trust our auditorium will be filled for each program.

## CALENDAR OF EVENTS:

Negro minstrel, April 18, admission 15 and 25 cents.

Declaratory contest, April 22, admission 25 cents.

Community play and date not decided.

Junior H. S. play and date not decided.

Get ready to attend each of these. We will do our best to please you.

The grammar room is preparing for the spelling contest. Fortescue school expects to have contestants, and to make all other contestants work hard.

School work is progressing very nicely, though we wish we had a few weeks longer, so that we would not have to crowd the work.

Let the parents co-operate with the teachers in securing a regular attendance. Keep the boy and girl in school every day that it is possible.

Watch for the date of the community play, "Professor Pepp." Vernon Stuart, the first of the Fortescue boys, to return from France, visited the school last Friday, and told us many interesting things.

Negro minstrel, Friday, April 18. The Holt County Farm Bureau held a meeting in the school auditorium, Monday night.

Mr. Allen Stanley gave us a very interesting talk, one day last week.

We are always glad to welcome such visitors.

Remember the declaratory contest to be held in the auditorium, Tuesday, April 22. This is the first annual contest in the Fortescue school. We hope it is but the beginning and that next year we may have more contestants. The winner will represent this school at Maryville and at New Point on County Educational Day. Mrs. Shephard is training the contestants, who are working hard. The program will be varied with music. Every one come and encourage this splendid work.
